Sir,

With reference to paras 7, 8, 10 and 11 of the Chief Commissioner's Proceedings No. 249-254 dated the 20th April last, I have the honor to forward for the Chief Commissioner's information copy of the Madura Deputy Commrs. Dy. 141/16 dated the 18th Ultimo, soliciting instructions on certain points in connection with the Madura District Fund Budget for the current year.

2. I have lately traversed the road between Madura

and Jegati. The existing track is quite passable for ordinary traffic in the dry weather, but to make it passable during the rains would cost a very large sum in culverts and Bridges. The money already spent on this line has been wasted, for the old cart track is better than the new and to spend now 50 Rupees a mile would be throwing good money after bad.

3. I trust that the establishment for Narré and Invodagere may be sanctioned, and that the Deputy Accountant Generals calculations by which he fixes Rs 21,000 as the opening balance, may be furnished for the information of the Deputy Commissioner, as requested by him.

To
The Commissioner Nagapatam.

Sir,

I have the honor to acknowledge receipt of order No 249-254/46 dated 20th April 1878 on the Vadur District Fund Budget.

I should be glad to know on what data the Deputy Asstt General estimates the opening balance at Rs 21,000; a statement shewing the appropriation for roads is attached. The provision under this head is so much reduced that I find it impossible to find any funds for the 12 miles of road between Vadur and Yeggaty as the sums provided for other roads is barely sufficient considering the damage they sustained last year from the heavy rains. Unless extra funds can be allotted for this road at the rate of Rs 50 per mile, provision can only be made by me from the small reserve under the head repairs placed at my disposal with reference to para 8 the Koppa Bodage road is the only one opened by Mr G. M. Forbes and is used freely by the Public. It is a 4½ yard cart track. The Shunsi Talaloo

private road - 12

There is only one Kuttwal & Dundi at Narvi and it would not be consistent with the requirements of the Public to dispense with their services -

Moodgherry is now so much more frequented and supplies are procured with so much difficulty that the services of a Kuttwal and Dundi are considered indispensable -
